

4K UHD LCD panels for secure operations

The Christie Secure Series is a line of specialized LCD panels for high-security environments. Available in a range of sizes, these displays are perfect for meeting rooms, lobbies, digital signage and more.

Christie Secure Series

The Christie® Secure Series comprises a range of TAA-compliant, non-RF LCD panels designed specifically for secure-facility applications typically found in government, corporate and military environments. The Secure Series includes professional features such as OPS slot, UHD resolution, touch interactivity options, and USB playback in a secure, reliable and affordable package.

- › Available sizes: 55" and 65"
- › Non-RF for increased security
- › TAA compliant
- › Crestron Connected for seamless integration onto a Crestron network
- › Touch interactivity with select models
- › 4K UHD resolution for impeccable image quality
- › Feature-rich at an affordable price point
- › OPS slot for increased flexibility and integration ease
- › Backed by Christie support, service and warranties
