

Modernizing Courtroom AV

In an era where digital integration is paramount, PTZOptics stands at the forefront of providing innovative solutions for the judiciary. Our PTZ cameras offer expansive coverage, remote control features, and excellent optical zoom capabilities, making them ideal for modernizing courtrooms and enhancing the judicial process.

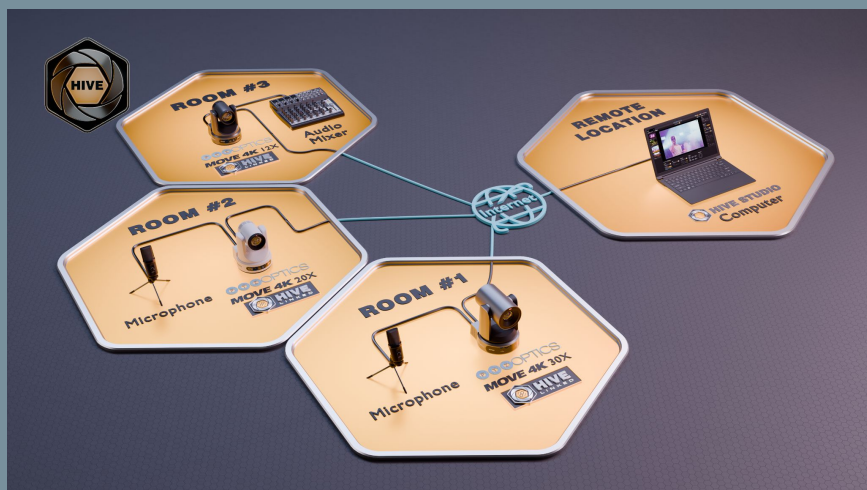

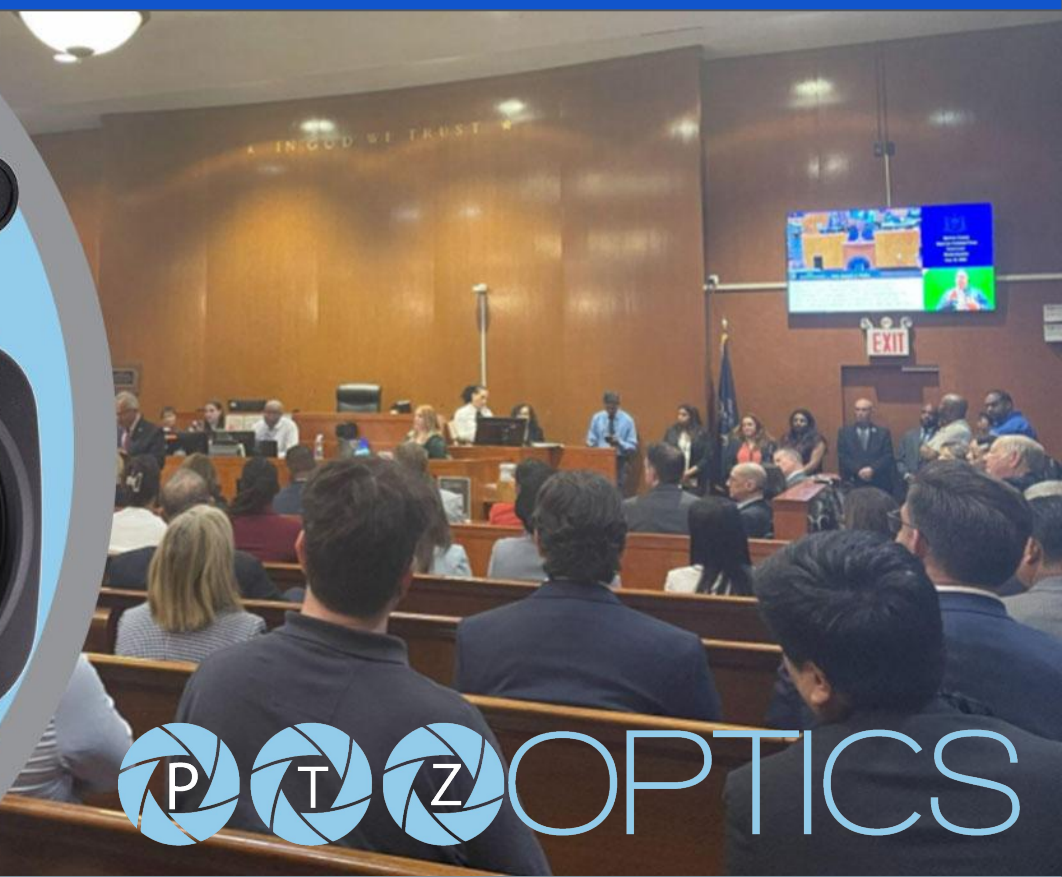

Manage Multiple Courtrooms Seamlessly with Hive

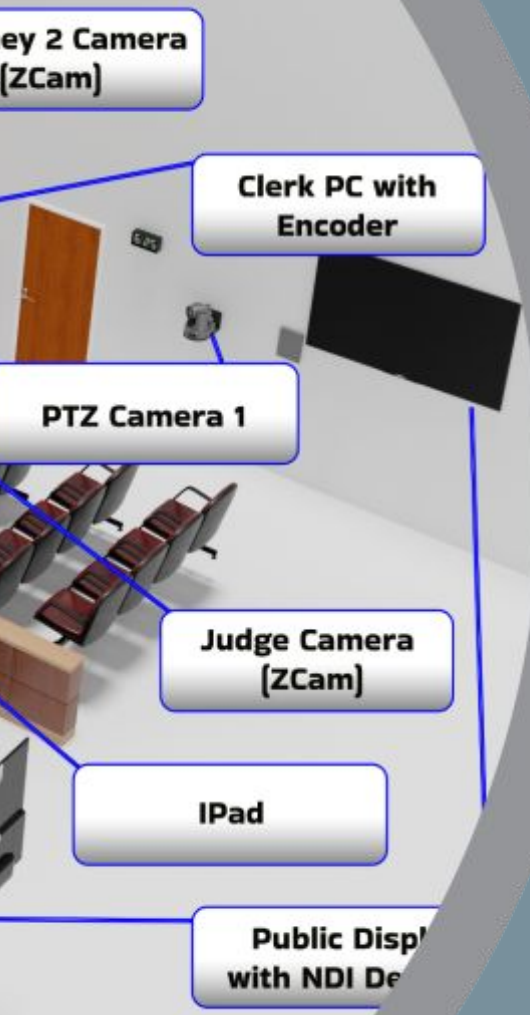

Centralized Management:

Hive consolidates all courtroom management into one intuitive platform. Monitor and control AV equipment for any court, ensuring smooth and uninterrupted operations.

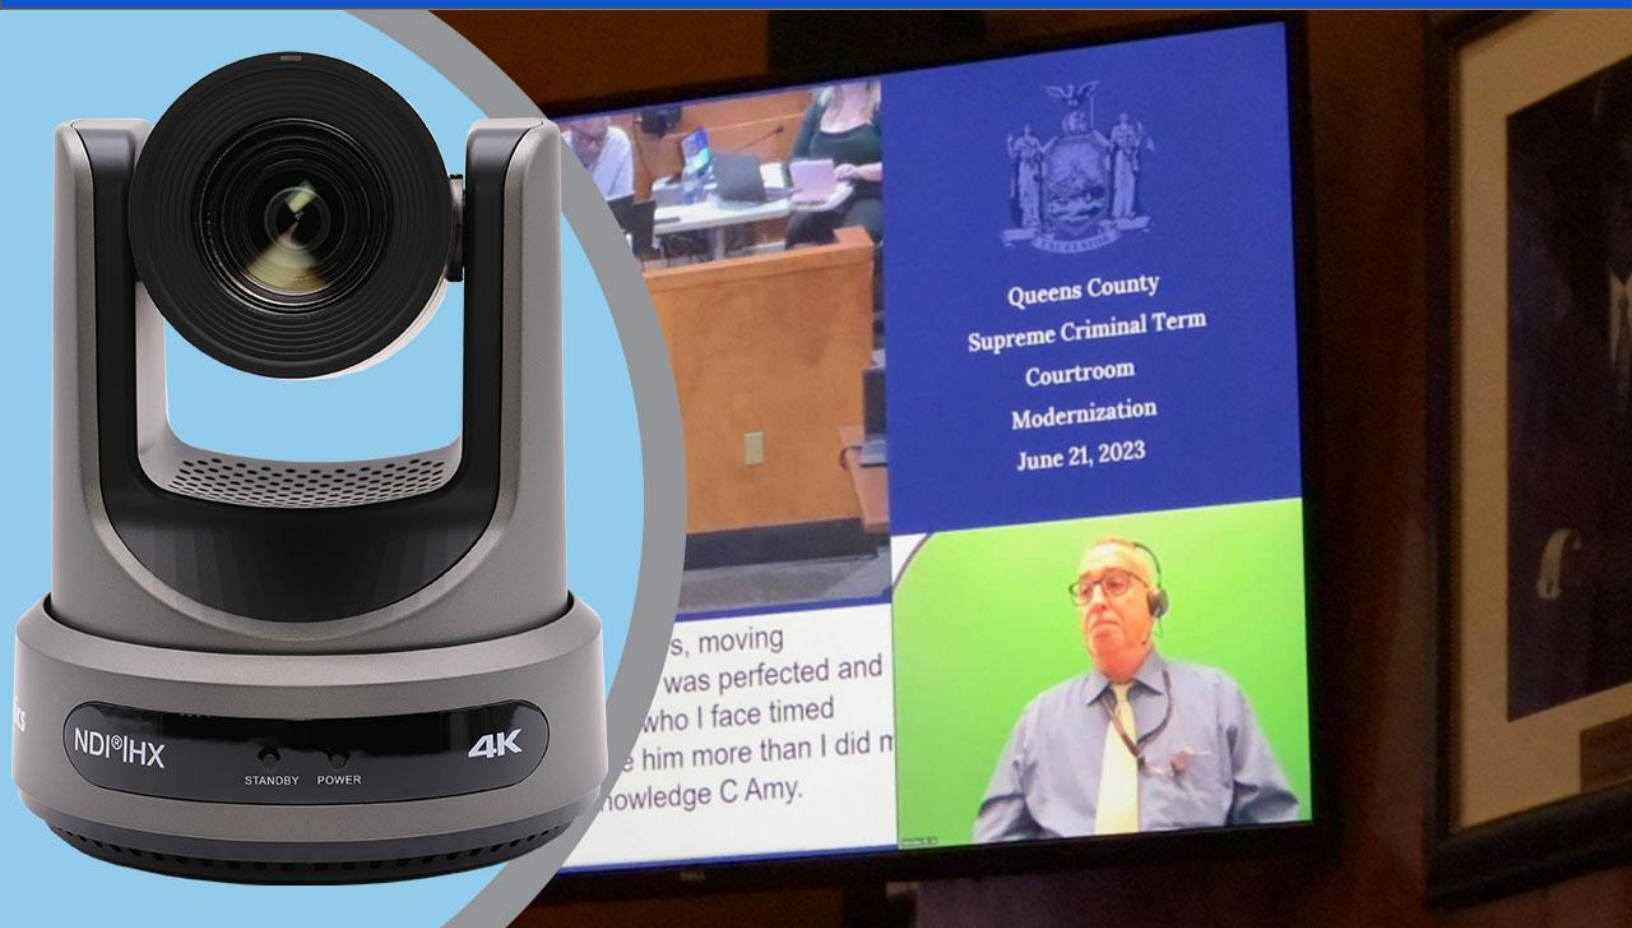

PTZ OPTICS

Empowering the Future of Courtrooms

- **Expansive Coverage:** Comprehensive view of courtroom proceedings.
- **Remote Control:** Easy adjustments and preset positions for different scenarios.
- **Optical Zoom:** Detailed capture of testimonies and evidence.
- **High-Definition Video:** Clear and reliable video documentation.

New York State Unified Court System's Digital Transformation

The New York State Unified Court System (NYS UCS), serving as the judicial branch of the state government, has embarked on an ambitious modernization journey to make its 1,540 courtrooms more functional, accessible, and equipped for the digital era. The Courtroom Modernization Initiative (CMI) Team was established in 2019 to actualize this vision; PTZOptics played a pivotal role in the transition along with other key vendors, such as Magewell and Biamp.
